

Earth Justice Ministries

The mission of Earth Justice Ministries is “to inspire, support and connect faith to actions that bring hope for the earth, the human family, and the whole community of life and to further the cause of peace, justice, and healing of the earth.” Upcoming events include a Good Friday service on April 10th focusing on “Torture as a Moral Issue” and an April 19th Earth Sabbath showing of the film “Renewal,” which includes segments showing how several faith traditions respond to environmental challenges. Earth Justice Ministries has an ongoing focus on “Water Justice,” with the goal of educating people in faith communities about the growing scarcity of fresh water and advocating for the protection of water resources.
