

Community Prayer

from Crescent City UMC, June 2005

Wondrous God, out of your kindness and compassion, You care for our needs. Truly our cups do runneth over. But then, O Lord, You give us even more. Show us the way to take these gifts, given from Your great love for us, and use them, not for ourselves but for Your glory and honor. Disturb us in our complacency and point us down the road of service to You. Open new doors, kindle new ideas. Light a fire within us that can never be quenched by the powers of the world around us. We give You thanks. Amen.
